"Brokers of good quality new and second hand narrow boats."

REF: 10481

Boat Name: Octavia

Octavia is a 32 foot semi traditional stern narrow boat. She is powered by a three cylinder Isuzu marine diesel engine located under the rear deck. She is well equipped with everything that is required for cruising. From entering through the rear doors some steps take you down in to the main cabin. A shower cubicle and toilet compartment are on the starboard side. On the port side is the hob and sink. Further into the cabin is a bench seat with a breakfast bar opposite and fridge below. In the front part of the cabin are two benches which convert in to a double berth. The cabin is heated by means of a radiator from which gets its source of heat from the engine. This is an ideal boat for first time owners or someone that simply prefers a smaller boat. Boat Safety certificate until 10/04/2022 and recently dry docked and blacked.
